

Rehabilitation

For those recovering from injury or illness, The Villa at Florham Park offers a complete range of rehabilitation services with 24-hour admission capabilities. Our experienced team offers one-on-one treatment sessions and strives to achieve measurable outcomes with the latest treatments in therapeutic care.

Our full range of rehabilitation services includes but is not limited to:

- Physical Therapy
- Occupational Therapy
- Speech (Language/Swallowing/Cognitive) Therapy
- Respiratory Services (Cpap/Bipap)
- Wound Care/Negative Pressure Wound Therapy
- Pain Management
- IV Infusion

Our focus is on your recovery. Within a comfortable, home-like setting, residents have access to both short- and long-term subacute inpatient medical rehabilitation. We provide the services needed to help you regain your strength and return to being as independent as possible.

The Villa at Florham Park also offers outpatient rehabilitation. Medicare and most insurance plans are accepted.
